

Experienced Worker Practical Assessment (EWPA)

If you're experienced in your trade gain your N.V.Q in a day

This is a fast route available for those experienced workers who don't need any further training.

An assessor will introduce you to the process and make an initial assessment to ensure you are suitable to qualify through this method

You will undertake a practical assessment of your skills which will be observed by the assessor. This will be followed by professional discussion to assess your knowledge of the subject.

If you are successful, you should receive your full CSCS card within 7 working days and your NVQ certificate will also arrive a few weeks later

EWPA qualification route available

Level 2 NVQ in Site Carpentry

Level 2 NVQ in Bricklaying

Level 2 NVQ in Dry Lining

Level 2 NVQ in Ceiling Fixing

Level 2 NVQ in Formwork

Level 2 NVQ in Partitioning
